Weather Modification Annual Meeting - Reno, Nevada - April 23-25, 2014

Welcome to the Weather Modification Association's Annual Meeting Page!

The 2014 Annual meeting will take place in Reno, Nevada on April 23-25, 2014 at Desert Research Institute (DRI).

Reno is located in the northwestern portion of Nevada, situated just east of the Sierra Nevada on the western edge of the Great Basin at an elevation of about 4,400 feet. Often r to as "The Biggest Little City in the World", Reno offers a number of large casinos and resorts for visitors. Outside of the Las Vegas metropolitan area, Reno is the biggest city in N As is true with many towns and cities in the west, Reno began as a modest mining town in the mid 1800's.

The meeting will be held at Desert Research Institute and hotel accommodations with a special rate available at the Peppermill Hotel and Casino. Transportation will be providec from the Peppermill Hotel and Casino to DRI during the meeting. The Reno-Tahoe International Airport is a short 2.5 miles from the Peppermill Hotel and Casino. The Pepperm and Casino provides a free shuttle to and from the Reno-Tahoe International Airport.

The meeting will feature two days of technical sessions that will inform and educate members about current research and operations occurring in the field of weather modification.

Click on the links below to learn more about the meeting, hotel information, abstract submissions for technical presentations, and everything that Reno has to offer! We hope to s there!
