RE: Letter of Interest – Trails Commission

In response to the notice of Vacancies on Boards and Commissions, I am interested in serving on the Trails Commission. This will be an opportunity for me to give back to the community and serve in a capacity for which I am qualified. I believe that I would be a beneficial addition to the Trails Commission.

As a long-term resident of the County, I am familiar with the trails in Gunnison County. Having owned agricultural property here for more than 20 years, I understand the need to maintain cooperation between landowners and recreational users.

Being a local business owner since 1989 has provided me with unique perspectives about our community. During this time I have worked with most local government agencies, as well as numerous landowners, to accomplish large and small projects. Many of these projects involved creating easements for public access.

As a licensed Colorado Professional Land Surveyor, I am very experienced in researching land ownership and easements. My skills in GPS, map reading, and locating property lines on the ground can aid in locating access routes. Being proficient in both computer-aided drafting and geographic information systems, I am able produce accurate and informative maps.

Having formerly worked as a federal employee, including more than 6 years with the National Park Service, I was involved in the creation and operation of numerous local recreation facilities.

As a user of the local trails, I understand the need for enhancing the current trails system, as well as watching for opportunities to create new access routes. I am particularly interested in maintaining historic routes.

In summary, I will bring unique skills and expertise to Trails Commission. My qualifications will be a good match with the organization.

I look forward to having an opportunity to be a part of the Trails Commission. Thank you for your consideration.

Sincerely,

Terri A. Weber
