Gunnison County Commissioners

Re: Re-appointment to Gunnison County Environmental Health Board

Dear Commissioners,

Once again, I am interested in being re-appointed to the Environmental Health Board (EHB) for another term. As you know, I am well informed about the responsibilities, duties and knowledge needed to serve on the EHB. If there is any opportunity to change my status from alternate to regular voting member, I would appreciate it.

Before you make a decision on this request though, you should know a few continuing issues limiting my ability to serve on the EHB. The current status of my cancer show signs of improvement but the medications I am utilizing continue to limit my ability to drive. I have been car-pooling with Rodney Due and that has proven to be quite convenient. This limitation has not been a problem in the past.

Another potential issue is that I am again planning on being out-of-state for the months of Jan. and Feb. We have rarely met the first two months of the year except for some organizational and administrative bookkeeping. I have been and will likely be able to participate by phone except for formal public hearings during those 2 months.

I am hoping that we can schedule a phone interview for this re-appointment request.

Regards,

Steve Glazer
