Dear County Commissioners,

After consulting with the existing members of the Gunnison County Library Board, I have decided to apply for another term on such Board. It should be noted that present Board rules have me term limited, but the board can change those rules by majority vote and I have been assured that we will do so at the next Library Board meeting on January 23. Upon investigation, it seems we are one of the few (only?) County Boards that applies term limits.
