Subject: Reappointment request

Dear Bre, for the life of me I cannot pull up any of your emails regarding this. Please let me know that you did indeed receive it, thanks!!

Dear Gunnison County Commissioners Swenson, Chamberland & Houck:

I was appointed to the Environmental Health Board in 1995 when the regulations were first put into effect. Prior to that I was on the community committee that helped set mold these regulations up for commissioner approval. I do not feel my work is done, so to speak. Therefore I humbly ask for reappointment to this board for an upcoming term. I currently serve as Chair of the board and I feel strongly we have one of the best boards I've had the pleasure to deal with.

I was hesitant at first due to the fact that the last 4 years I've been in IL taking care of my aging, yet not even close to elderly 95+ year old parents. Unfortunately, due to 2 life changing events, they both passed last year in less than 6 months of each other.

Knowing that I won't be needed in IL as often, although there are estate issues, I feel I have the time to prepare and be a help to the board.

Thank you for your consideration.

Sincerely,

Lucinda K Clauter-Lull
