To the Gunnison County Commissioners:

This letter is to express my desire to be considered to be appointed to the Gunnison Valley Observatory board of directors, as the Gunnison County representative.

Since 2007, I have been an active volunteer for each summer season, and on average participated between 75-100 hours per season. The past four years, my primary duty has been to man the outside telescopes, in which I have interacted with the visitors to the observatory and taught them the various night sky objects. I have also assisted Dr. Suzanne Taylor, of Western State Colorado University, when she had held her astronomy classes at GVO, and have worked many private parties.

I am currently a Gunnison High School senior, and will graduate this Spring. My plans are to attend Western State Colorado University this Fall. I look forward to meeting with you, when you consider my application for this position.

Sincerely yours,

Derek Brooks
