Ok Paula thanks for getting back so quickly. I have been participating in the exec group as vice chair for the last 1+ as such I think we have had good success moving the RETAC forward but there is much to be done. I will be forwarding the refined IGA that we operate under and would ask that the BOCC go through it with a fine tooth comb. I will be able to discuss and hopefully answer any questions that arise as you work through it. It is being delivered to the other county's BOCC members this month as well.

As one of the current Gunnison BOCC representatives, in previous years when my term was up I received a letter asking me to re-apply. Not having received that letter this time I am curious as to the wishes of the commissioners for me to continue to represent them on this board. Can you check with them and get back to me please. Thank you, Bryan Hess
