RE: Watershed Weed Commission

Dear Board of County Commissioners:

I am interested in continuing my service on the Gunnison County Watershed Weed Commission. I am currently serving as Secretary for the Commission. My term expires on February 1, 2017.

It has been a great honor serving with Chairman Jon Mugglestone and alongside all the other dedicated members. During my tenure I have seen more and more government employees actively participate, as well as several interested citizens. It is a dynamic group! It is geographically and philosophically diverse.

Thank you for considering my application. I look forward to interviewing with the Board of County Commissioners at its convenience.

Sincerely,

Lorraine Rup
