Board of County Commissioners,

I would like to keep my hat in the ring for being re-appointed to the Sustainable Tourism & Outdoor Recreation Committee.

The first year of STOR(C) has been productive and much groundwork as been planned and implemented; with more to do to keep ahead of the curve. Many visitors have commented on how progressive we have been in developing such a committee, but so much is needed to really dig in and get on the ground before another summer of visitation and loving our valley to death.

Please consider my strengths, history and ability to collaberate, challenge and communicate interiorly and regionally to get projects started and completed within such a committee.

Thank you and I look forward to a conversation with you soon.

Best,

Joellen Fonken
