Gunnison County Board of County Commissioners

Dear Paula, Phil and Jonathan,

Happy New Year!

My term on the Gunnison County Trails Commission expires January 2016. I am committed to serve on this board for another term. I am very attached to the Crested Butte to Carbondale trail and finding an alignment to the Town of Crested Butte as well as the continuation of the route on the west side of Kebler Pass towards Erickson Springs. Now that the Anthracite Creek Bridge is completed moving westward becomes a greater reality and I just realized there is a route to Crested Butte on the eastern end that is almost all there!

I have served on the Gunnison County Trails Commission since its inception. I enjoy being involved in the Trail's Commission and think my experience is valuable to this group especially with all issues of overuse etc. Its great being of service to the citizens of Gunnison County and trails are something everyone can benefit from.

If the BOCC has another candidate they prefer, I will understand.

To more and better trails in 2016!

Kay Peterson-Cook
