Subject: Gunnison Valley Housing Foundation representation

Dear Breanna and Commissioners,
Please accept this as my letter of interest for continuing to represent Gunnison County on the Gunnison Valley Housing Foundation.
Since my initial selection by the BOCC, the GVHF has established all of its necessary internal policies, worked to create a robust Board membership which represents many governmental and other constituencies within the county, and we have been working closely with those stakeholders to help develop and finance affordable community housing projects.
I have been serving as President of the GVHF for a few years, and would like to continue representing the BOCC in this critical and fun endeavor.
I understand that interested candidates for the Boards and Commissions will be interviewed by the BOCC, and I look forward to this opportunity to update the Board on the activities of the GVHF.
Thank you.
Jim Starr
