Thanks Liz. Please forward this letter of interest to the BOCC.

To: Gunnison County Board of County Commissioners
Re: Gunnison County Weed Board Appointment

I am interested in continuing my term on your Weed Commission. I have a 25 year career in the Horticulture industry during which
I advised golf courses, industry, government and commercial account on all aspects of grounds maintenance. I was a regional
distributor of irrigation, fertilizer, machinery and chemicals in Missouri, Illinois and Kansas. I was a herbicide distributor for
Dow, Dupont, Monsanto, Gordons, Riverdale and others. My company trained hundreds of professional applicators in the proper
use of all kinds of restricted and unrestricted chemicals.

I feel that my background has added value to your Commission over the past term. I am a founding member of the MtCB Weed
Board and was responsible for crafting their ordinance and Crested Butte's ordinance where my wife serves as a board member.
Recently, Donna and I, with the help of Bradley Wigginton and his family walked in the CB 4th parade with a float that we
built. This brought attention to the Weed Issue to thousands of homeowners in the North Valley area.

Respectfully Submitted
Tom Walker
