SILENT TRACKS
QUIET PLACES MATTER

January 15, 2020
Via email to; emense@gunnisoncounty.org

To the Gunniosn County Sustainable Tourism and Outdoor Recreation Committee,

Silent Tracks would like to express our interest in filling one of the vacancies advertised for the Sustainable Tourism and Outdoor Recreation Committee. Jordan Erdie is a member of the board of directors of Silent Tracks. Jordan would like the STORC to know that "I value the sustainable growth of our valley and I believe I could contribute positively to the STOR committee's mission. I joined the board of Silent Tracks when I moved to the valley because I felt human powered recreation was underrepresented in the community despite having the highest volume of users. I believe tourists' recreational experiences vary based on users and therefore a collaborative approach to sustainable tourism from all user groups is necessary. Additionally, I have a degree from the University of Colorado Boulder in Environmental Studies and Sociology where I emphasized in public lands and natural resource management, which I would love to put to use on this committee."

Jordan may be contacted at;
(440)541-3961
Joer1697@colorado.edu

We hope you will consider our application for a seat on the board. We look forward to hearing from you.

Sincerely,

The Board of Directors of Silent Tracks
Maureen Hall, President
