1084 Seneca Dr.
Gunnison CO, 81230

2 December 2019

Gunnison County Commissioners
C/O Liz Mense

Dear John, Jon, and Roland,

Pursuant to Liz's letter of 26 November, please consider this as indicating my interest in continuing to serve as Gunnison County Medical Health Officer.

Serving in this position compliments my activities on the Leadership Team of the Community Health Coalition of the Gunnison Valley in helping implement the Community Health and Equity goals of the One Valley Prosperity Project.

I continue to volunteer (for nominal compensation) as Medical Director of Gunnison Valley Health's Senior Care Center and Assisted Living facilities, Home Health agency, and Hospice and Palliative Care services, and as Chairperson of its Health Foundation Board of Directors. This activity enables me to represent these entities and their contributions to the Health Coalition and facilitate communication and collaboration between GVH and other members of the Coalition. Additionally, I assist GCSAPP its Rural Opioid Recovery Planning Project as a medical consultant and interface with the medical community and GVH.

Thank you for your attention.

John S. Tarr, Jr., M. D.
