To whom it may concern:

This is a letter of interest/content for the Western Regional EMS Council representative position that is open for the Gunnison County. Brian Hess and Robyn Funk stated that I would be a good asset and asked if I would be interested. I am very interested and would love the opportunity to serve and represent the Gunnison County. I feel that my qualifications would be a great fit for the position. Working for Crested Butte Fire Protection District as the EMS coordinator the future of the county I have great interest in. I look forward in discussing the position and how I can help in any way. Please feel free to contact me if you have any questions or concerns.

Thanks,

Mike
