GUNNISON - CRESTED BUTTE INDUSTRIAL SPECIAL AREA

**ADOPTED
JULY 1, 2014
BOCC RESOLUTION NO. 2014-15**

SECTION 1: PURPOSES.

The Gunnison/Crested Butte Industrial Special Area is a discrete geographic area in which land development and land use is identified as being appropriate for industrial uses on lands adjacent to and compatible with the uses within the Signal Peak Industrial Park, east of Gunnison and the Riverland Industrial Park, south of Crested Butte. The general purpose of these *Regulations* is to identify areas determined to be appropriate for industrial uses and the following purposes will serve as basic goals for this designation.

A. GENERAL PURPOSES.

1. **PROMOTE HEALTH, SAFETY, GENERAL WELFARE AND THE ENVIRONMENT.** To promote the health, safety, and general welfare of the citizens of Gunnison County by giving reasonable consideration to the social, economic and environmental characteristics of the community and the compatibility of proposed land use changes with existing uses.
2. **SIMPLIFY THE LAND USE PLANNING AND REGULATORY REVIEW PROCESS.** To simplify, expedite and provide uniform application of the land use planning and regulatory review process.
3. **PROVIDE FOR ORDERLY USE OF LAND.** To plan for and regulate the use of land and to provide planned and orderly use of land and protection of the environment in a manner consistent with constitutional rights and without unnecessary time and expense by applicants or the public.
4. **EVALUATE CUMULATIVE IMPACTS.** To evaluate the combined impacts of two or more uses or activities, and repeated activities, in a discreet area or the whole of Gunnison County.
5. **REGULATE LAND USE BASED ON IMPACTS.** To regulate the use of land based on the impact of such use on surrounding areas and the community to eliminate, minimize, or mitigate conflicts among different land uses.

B. PURPOSES TO MANAGE AND GUIDE LAND DEVELOPMENT.

1. **PROMOTE A COMPACT DEVELOPMENT PATTERN.** To promote a compact development pattern that discourages sprawl, in which denser and more intense forms of development will occur contiguous to, or in close proximity to, existing population and development centers and public services. To encourage development patterns that will tend to minimize the cost of providing governmental and other services and will preserve open space.
2. **ENSURE ADEQUATE FACILITIES.** To ensure that development provides, and is served by, adequate transportation, water supply, wastewater treatment, other utilities and public services, schools, open space, parks, trails, and similar facilities, and to provide for phased development based on location and capacity of such services and facilities. To ensure that present residents do not have to subsidize land use changes that involve growth or development. To avoid land use changes requiring significant expenditures of public funds for schools, roads, health, police, and fire, or other purposes.
3. **ENCOURAGE INDUSTRIAL DEVELOPMENT NEAR EXISTING SIMILAR, COMPATIBLE USES.** To encourage land uses that are designed, constructed and maintained that are located near or adjacent to existing, similar, compatible industrial uses.

C. PURPOSES TO PROMOTE THE ECONOMIC WELL BEING OF THE COMMUNITY.

1. **PROTECT AND ENHANCE ECONOMY.** To protect and enhance the economic strength of the private and governmental sectors of Gunnison County in a manner that is compatible with this *Resolution*.
2. **ENCOURAGE ECONOMIC DIVERSITY.** To encourage, strengthen and promote greater economic diversity in the County, to broaden employment opportunities and reduce seasonal employment fluctuation in a manner that will not endanger or detract from the existing economy.

D. PURPOSES TO PROTECT ENVIRONMENTAL RESOURCES.

1. **MAINTAIN ENVIRONMENTAL QUALITY.** Recognizing the irreplaceable character of the environment and its importance to the quality of life in Gunnison County, to ensure that land use changes do not degrade or threaten the existing high quality of the environment in the County.
2. **PRESERVE QUALITY AND QUANTITY OF WATER RESOURCES.** Recognizing that the essence of Gunnison County's ability to survive and prosper is the availability of a consistent and clean source of water, the County intends to preserve and protect the quality and quantity of water resources in Gunnison County.
3. **PRESERVE WILDLIFE HABITAT.** To protect and preserve lands from land use activities and patterns of development that would cause significant net adverse effects to sensitive wildlife habitat and to discourage land uses that will impair or destroy such habitats, or their utilization by wildlife species, or that would endanger a wildlife species. It is the intent of this *Resolution* that private landowners do not lose reasonable use of their land or, when appropriate, receive fair compensation because of owning sensitive wildlife habitat.
4. **AIR QUALITY.** To protect and preserve the air quality from development that would cause significant net adverse effects.

SECTION 2: APPLICABILITY.

These *Regulations* shall apply to the development of new uses, expansion of existing uses and change of the use of land or structures within the Industrial Special Area, identified in Exhibits A & B.
