Re: CDOT Blue Mesa Project Land Use Change Application 14-00026

The Environmental Health Office has received a request to review the application for the Colorado Department of Transportation, Blue Mesa Project Land Use Change on parcel #3985-000-00-056. The application is for a vehicle storage structure with an office and 4 housing pads to accommodate 3 mobile homes and 1 RV on the 35.11 acre parcel.

An on-site wastewater treatment system to accommodate the residential units and the vehicle storage facility is feasible. The system will need to meet the requirements of the Gunnison County On-site Waste Water Treatment System Regulations which will include a design by a professional engineer.

Thank you,

Crystal Lambert
