December 6, 2017

Dear Board of County Commissioners:

My Historic Preservation Commission term expires 2/1/2018. I am interested in serving another term.

I believe the GCHPC serves Gunnison County well in protecting registered sites, but possibly more importantly, helps make people aware of Gunnison County's rich history.

I am active in local area history, continuing work with Mike Pelletier, Gunnison County GIS Manager, mapping and documenting historic sites in Gunnison County. I also write a monthly history column for the newspaper. Both of these contribute to the goal of making people aware of our local history.

Sincerely,

David M. Primus
