Why would you like to serve on this Board or Commission?	I am applying to be on the Gunnison County Planning Commission because I am interested in getting more involved in the county-wide mechanisms that keep our county healthy and thriving. I am interested in learning more about how the county functions and is governed, and I would like to give back by participating in these processes. I believe that I would bring to the Planning Commission valuable skills and experiences. I have lived in Crested Butte for 10 years, during which I have worked many, varied jobs, from front-desk at hotels to teaching high school English. This depth and breadth of experience in Crested Butte gives me valuable, diverse perspectives that I would bring with me to the Planning Commission. Additionally, I am able to understand complex problems and systems, and then communicate clearly and concisely about them to diverse stakeholders. I enjoy learning about new disciplines, thinking systematically about problems, and working productively to find and implement fitting solutions. I believe that the Planning Commission does this kind of work in the Valley and that it has the capacity to make a big difference in the health of our Valley both now and into the future. I would like to help steward the

	county towards a vibrant, sustainable future by contributing as a member of the Gunnison County Planning Commission.
