Why would you like to serve on this Board or Commission?	I have served as an alternate member of the Planning Commission for the last year and I would like to continue to serve on the commission. I have enjoyed working with the other planning commissioners on applications that are important to individuals and the broader community. With each meeting I become more comfortable with the application process, the LUR, and the role of the Planning Commission. Given my background practicing law, I take a special interest in the quasi-judicial nature of the Planning Commission's decisions. I enjoy the process and the challenges that arise when applications generate strong opinions and positions. My goal with each application is to understand the positions of the relevant parties, ensure I know the applicable provisions of the LUR, and make decisions that are supported by the LUR. I take each application that is submitted to the Planning Commission seriously and put in the time to understand the background facts and how the application is to be analyzed in relation to the LUR. I also think that my perspective adds value to the process. I am a small business owner in the county, a practicing lawyer, live in Crested Butte South with my wife and

two (soon to be three) children, and a relatively new resident. Further, I grew up in a small Colorado mountain community and have spent almost all of my life in Colorado. I appreciate the opportunity to have been able to serve on the Planning Commission and hope to continue to serve.
