RE: 2018 CCI Public Lands Budget and Dues

Enclosed you will find the approved 2018 Public Lands budget and dues structure. This budget is almost identical to the previous year's budget, which reduced overall expenses by reducing the administrative fee paid to CCI, as well as the amount of financial assistance given to county commissioners elected to the traveling committee. The dues schedule is calculated by determining the proportionate share of PILT and other federal lands payments to each county (not including payments to FML districts), with a $4,000 maximum and a $150 minimum dues payment per county. These calculated shares are then applied to the overall budget need.

This Public Lands' budget includes funding for potential PILT fly-ins, Western Interstate Region (WIR) dues, CCI staffing and administrative overhead, and CCI staff travel to NACo. The 2018 budget also provides for reimbursement of chair and vice-chair attendance at the WIR Fall Board meeting and a stipend of $2,700 to each of the 6 members of the traveling committee to help cover the expense (meals, lodging, registration and transportation) of attending the NACo Legislative, NACo Annual and WIR conferences. Commissioners elected to the Public Lands traveling committee are expected to attend all 3 annual functions, with the understanding they or their counties are responsible for the travel expenses of these functions. CCI Public Lands will pay $1,000 each for travel to the NACo Legislative and Annual conferences and $700 for travel to the WIR annual conference. CCI pays the full cost of one trip for the chair of the Public Lands Committee (like other CCI steering committees).

Your payment of CCI Public Lands dues ensures that Colorado commissioners are actively involved and influencing policy positions at the national level through NACO and WIR, and that we are staffed appropriately to be involved in and advocate for local concerns with the regional reps of our Federal land managers.
