Sent via email re: Senate Bill 18-001

Dear President Grantham and Speaker Duran,

The Gunnison County Board of County Commissioners would like to thank you for your continued work on transportation funding in Colorado. The current lack of transportation funding in Colorado is a critical issue and we believe that any solution needs to support the full needs of the state, with flexible local funding and dedicated multimodal dollars.

Gunnison County is supportive of transportation funding that is sustainable and meets the needs of communities across the state. Senate Bill 18-001, as currently drafted, lacks substantial local and multimodal funding, which we believe is crucial for innovative local projects, public health, and transportation options.

While we believe Highway funding is important, we believe that any bill funding transportation in Colorado should include transit and multimodal as well as road and bridge infrastructure and include local funding in a formula similar to those that currently exist. Restructuring our transportation system funding is the necessary next step for making a transportation network that comprehensively works for constituents throughout Colorado.

Sincerely,

Phil Chamberland, Chairperson | Jonathan Houck, Commissioner | John Messner, Commissioner
