Re: Reappointment to Board of Western Regional EMS Council (WRETAC)

I would like to submit my letter of interest in reappointment to the WRETAC Council. I have served one term as a board member and enjoyed my time serving as a Gunnison representative. I believe maintaining continuity of service on Regional EMS Councils is incredibly important as relationships are established and strengthened over time lending greater effectiveness to the council. I am a member in good standing and am active at both the regional and state level.

Please consider my reappointment to the WRETAC board for an additional term.

Sincerely,

Christian Malcolm
