Liz,

Thank you for sending me the letter on Board reappointment.

I do wish to be reappointed to the Land Preservation Board as a Gunnison County Representative.

I have attached my letter, and am also mailing a hard copy with signature today.

I should be available for an interview, and look forward to knowing the date and time.

Have a wonderful snowy day!

RE: Gunnison Valley Land Preservation Board Appointment

Dear Commissioners,

My term as a board member, representing Gunnison County on the Land Preservation Board, expires this year.

I would like to continue to serve on this board, and am seeking re-appointment.

I hold a strong value and personal commitment to conserve lands. Burt and I will soon have conservation easements placed upon all of our private lands in the Ohio and Mill Creek valleys. The momentum is phenomenal in the Gunnison Basin towards easements, and the public overwhelmingly supports open space and easement acquisition, inclusive of the continuation of sales tax to assist in funding of projects.

The past year I was approached to become a board member of Colorado Open Lands, one of Colorado's most impactful non-profit land conservation organizations. I accepted, and am gaining a broader understanding of land conservation state-wide.

In addition, my former Forest Service career was focused on public land management, with emphasis in recreation, trails, and wilderness management. I have a balanced perspective of basin-wide land management, needs and issues.

I am proud to represent Gunnison County on the board.

Thank you for this opportunity.
