Milestones

Analysis

Oct-20

Since 2018 County staff has raised $738,000 in grant funds from ten different sources. John Cattles issued an RFP in the fall to hire a contractor for development of the park. A contractor has been hired and work has started at the park. Cattles anticipates that the park will be functional and open to the public in spring 2021. There will be some final items that we will continue to fundraise for including a second bathroom, picnic pavilion and children's play equipment. We have been fortunate to received grant funding from the following entities:

-Gunnison County Met Rec District (2 grant awards)

-Upper Gunnison River Water Conservancy District (2 grant awards)

-Colorado Water Conservation Board (2 grant awards)

-CPW-Fishing is Fun

-GOCO

-Gates Family Foundation

-El Pomar Foundation

Recommendations

Goals

By December 2019, at least 50% of respondents to the biennial Citizen Survey will indicate that land use, planning and zoning services offered by Gunnison County are good or excellent.

Analysis

2019

The Community Development staff continues to work on improving this metric. Our performance numbers dropped in 2019. We continue to conduct outreach and community engagement to ensure that our customers feel that the department is a resource for information and helpful and polite service. Annually we conduct a spring contractor meeting. We have also held a number of outreach sessions with local contractors to discuss contractor licensing and water quality regulations.

Recommendations

2019

100% of all species of special concern will be monitored for listing status, potential impacts to Gunnison County and the possible need for County intervention in order to help preclude the need for the species to be listed as endangered.

Land Use Review Program

Land Use Review Program

Program Purpose Statement

The purpose of the Land Use Review Program is to provide development review, oil and gas review, sage-grouse habitat permit review, and inspection services to permit applicants and the community so they can efficiently obtain their permits and maintain a high-quality natural and built environment consistent with County codes and regulations.

Program Key Results

- Percentage of respondents to the biennial Citizen Survey indicate that land use, planning and zoning services offered by Gunnison County are good or excellent
- Minimum number of new ideas to improve the development review process within six months of conducting an annual review/critique of development applications processed over the last year
- Percentage of limited-impact permit applications that receive decisions within 30 calendar days

Analysis

2019

The OVLC determines the funding for the SOV report. We had planned and budgeted to complete a report in 2020 but when COVID hit that money was reallocated to cover mid-term recovery work with COmmunity Builders. We did build an economic dashboard as part of COVID response that provides some information that is typically in SOV report.
