DEPUTY COUNTY MANAGER'S REPORT AND PROJECT UPDATES: Deputy County Manager Marlene Crosby was present for discussion.

1. Bid Award; Riverwalk Trail Project; Oldcastle SW Group, Inc., dba United Companies; \$608,596. DCM Crosby stated that most bids were very close. United was the low bidder and is in the process of submitting all paperwork. She requested permission for CM Birnie sign the contract when it is available, and permission for her to sign all other associated documentation. **Moved** by Commissioner Chamberland, seconded by Commissioner Houck to approve the bid award for the Riverwalk Trail Project with Oldcastle Group in the amount of \$608,596, and authorize the County Manager's signature and the Deputy County Manager's signature on some of those forms. Motion carried unanimously.
2. Landfill Project Update. DCM Crosby stated that the County received approval for the construction of a new cell from the US Fish and Wildlife Service. The bid award will be scheduled on the 5/24 agenda.
3. Grant of Temporary Easement; Grant of Perpetual Easement; Fairway Condominium Association; Shavano Drive Water Line Extension Project; \$10. DCM Crosby clarified that this was originally approved for CM Birnie's signature, but that he wasn't available when the paperwork was ready. For that reason, it was set up the Chairperson's signature. After a survey is completed, a perpetual easement will be recommended. **Moved** by Commissioner Chamberland, seconded by Commissioner Houck to approve the Grant of Temporary Easement and authorize the Chairperson's signature. Motion carried unanimously.
4. Schedule A Agreements and FRTA Easements. DCM Crosby noted that earlier discussions included the desire for a document clause for the County to assert its right to pursue the RS2477 option on future projects. She recommended that the Board consider forgoing the RS2477 language relative to the four pending FRTA projects so that the documentation process is timely. CA Baumgarten agreed that this would be appropriate as long as there is no language in the FRTA easements that specifically states that the County gives up the right to pursue RS2477 in the future. The Board agreed with her approach.
5. Colorado Department of Transportation Letter of Support; Little Blue Canyon. DCM Crosby informed the Board that the Little Blue Canyon was discussed at a recent Region 10 meeting. During that meeting, CDOT asked for letters of support for this project, which is expected to cost approximately \$18M. The Board agreed that a letter would be appropriate, and DCM Crosby agreed to provide a draft letter for consideration on 5/3.

BREAK: The meeting recessed from 8:58 until 9:03 am in order to hold the below Public Hearing.

He confirmed that the criminal history check was completed and that the Fire District did not have any concerns related to the use of carbon filtration to control odor. He recommended approval of the application, and he noted that such approval would be contingent on State approval, and vice versa.
5. Applicant Presentation. Mr. Rudder stated that he has lived in Crested Butte since 1990 and that he is an upstanding citizen who hopes to provide for his child with this project. He is a former merchant marine, and he has had a drywall business. He stated that all issues have been addressed, and that half of the square footage will be allocated to a grow operation. He said he was eager to operate a proper business and provide good tax income for the government.

She noted that approval of this request would be consistent with the County's desire to reduce the number of small lots in Marble. Mr. Palmer had no additional comments, and CA Baumgarten thanked him for his patience during the process.

CDDSM Baker confirmed that all parties were in agreement with this request, and that the utility companies had no objections. The resulting parcels would be 8.098 acres and 1.001 acres in size. **Moved** by Commissioner Chamberland, seconded by Commissioner Houck to approve the lot clusters. CA Baumgarten confirmed that the revised plat memorialized these approvals. **Moved** by Commissioner Chamberland, seconded by Commissioner Houck to approve the plat and authorize the Chairperson's signature. Motion carried unanimously.

1. Lots 38 and 39, Lots 41 through 46, and Lots 48 through 53, Block 1, Marble Ski Area, Crystal River Filing

PLAT OF THE ADDITION OF TRACTS B THROUGH F TO GOLF VILLAS AT SKYLAND LOCATED IN MULTI-FAMILY TRACT 4, SKYLAND – INITIAL FILING, COUNTY OF GUNNISON, STATE OF COLORADO: Planner Cathie Pagano, attorney Marcus Lock representing John Geist (owner), and Golf Villas HOA President Dave Bright were present for discussion.

Planner Pagano presented the proposed reduction in allowable density for Multi-Family Tract 4. In 1991, the County approved a 65-unit density. It was reduced in 1996, and then again in 2001 to 59 units. To date, a total of 28 units have been constructed with 31 remaining. The current proposal would reduce the remaining 31 units to 14.

Mr. Lock stated that this project had been negotiated and compromised for quite some time, and that it would be Mr. Geist's property that would reduce to 14 units. He opined that this lengthy process is an example of the problems that can occur when there is no master development plan for a housing development. The Skyland Community Association has signed off on the plan, which will include 80% open space. He also confirmed that everyone in the community seems supportive of the proposal, and that the one objector has since relocated. Mr. Bright confirmed that all concerns had been addressed and that the HOA was supportive of this request. Plat was in transit due to weather.

Moved by Commissioner Houck, seconded by Commissioner Chamberland to approve Resolution #2016-18, a Resolution Approving the Partial Replat of Portions of Multi-Family Tract 4, Skyland – Initial Filing, into Tracts B Through F, County of Gunnison, State of Colorado as presented today. Motion carried unanimously. **Moved** by Commissioner Chamberland, seconded by Commissioner Houck to approve the Chairperson's signature on the plat. Motion carried unanimously.

VOUCHERS AND TRANSFERS APPROVAL: Finance Director Linda Nienhueser presented the voucher approval report dated April 19, 2016 and the cash transfer authorization dated March 2016 for discussion and approval. **Moved** by Commissioner Chamberland, seconded by Commissioner Houck to approve the vouchers in the amount of \$921,444.64. Motion carried unanimously. **Moved** by Commissioner Chamberland, seconded by Commissioner Houck to approve the cash transfer authorization in the amount of \$1,981,550.29. Motion carried unanimously.

TREASURER'S MONTHLY REPORT: County Treasurer Debbie Dunbar presented the March 2016 Treasurer's report and an investment report dated March 31, 2016 for discussion and acceptance. **Moved** by Commissioner Chamberland, seconded by Commissioner Houck to accept the Treasurer's Report. CONSENT TO MORTGAGE OF LEASEHOLD INTEREST; COMERICA BANK; AVFLIGHT: **Moved** by Commissioner Chamberland, seconded by Commissioner Houck to approve the mortgage leasehold interest for Comerica Bank and AvFlight. Motion carried unanimously.

EXTENDED PROPERTY TAX APPEAL PERIOD OPTION; 2016: County Assessor Kristy McFarland and Senior Assessment Analyst William Spicer were present for discussion.

CA McFarland presented the request and explained the difference in the dates. She asked for Board approval so that her staff would have additional time to review appeals, though she also noted that this extended period would also be a benefit to property owners. Previously, the appeal notice deadline was 6/30, but her staff will now have until 8/31. As well, the petition deadline was moved from 7/15 to 9/15, and the hearings that were previously mandated to occur between 7/15 and 8/5 will now occur between 9/15 and 10/31. This type of extension must be requested each year. **Moved** by Commissioner Chamberland, seconded by Commissioner Houck to approve the extended property tax appeal period option. Motion carried unanimously.

SAA Spicer informed the Board that he recently attended a presentation on flown aerial imaging, which he believes is popular with Counties because Emergency Management staff can immediately visualize areas of concern, Assessor's Offices can measure buildings without actually being on site, and Road and Bridge staff can view areas without having to travel. He stated that the image quality is very high and that the program, which would be hosted externally and available to the public, might be worth consideration. The initial cost would be approximately \$400,000, so CA McFarland acknowledged that she may want to pursue a DOLA grant. Chairperson Swenson expressed concern about the ongoing funding for the subscription in future years, and CA McFarland agreed to take a look at what other counties have done. She may also consider cross-jurisdictional grants. CM Birnie confirmed that this program is in the Capital Improvements Plan for future consideration.

UNSCHEDULED CITIZENS: There were no Unscheduled Citizens present for discussion.

COMMISSIONER ITEMS: This discussion began earlier than scheduled due to a gap in the meeting.

- 2. Legislative Update. Chairperson Swenson noted that she attended the recent meeting via telephone. She has been in communication with Senator Kerry Donovan and Emergency Manager Scott Morrill to discuss the 9-1-1 bill and the concern that legislation would remove accountability of 9-1-1 carriers to find out why calls are dropped and how the system might improve.

**BOARD OF COUNTY COMMISSIONERS OF GUNNISON COUNTY
RESOLUTION NO. 18, SERIES 2016**

A RESOLUTION APPROVING THE PARTIAL REPLAT OF PORTIONS OF MULTI-FAMILY TRACT 4, SKYLAND – INITIAL FILING, INTO TRACTS B THROUGH F, COUNTY OF GUNNISON, STATE OF COLORADO

WHEREAS, John G. Geist, represented by attorney Marcus Lock, has submitted an application to replat portions of the Multi-family tract 4 (MF-4), Skyland Initial Filing. The applicant seeks to reduce the number of units to be constructed from 22 units to 14 units. Skyland MF-4 was originally approved by the Board of County Commissioners on July 16, 1991 for 65 units. To date, 31 units have been constructed on parcels within MF-4 as noted in attached Exhibit A. Applicant proposes to subdivide the remaining undeveloped land within MF-4 into Tracts B-G. Tract D will be reserved for the development of 11 additional units, and Tract F will be reserved for the development of 3 additional units. All 14 additional units will be added to the Golf Villas at Skyland common interest community. Tracts, B, C, and E will be preserved in perpetuity as open space.

On August 1, 2001, the Planning Commission noted that the tract had initially been approved for 65 units; in 1996, the number of approved units was reduced to 59, at the request of the property owner. At that time a total of 28 units had been constructed and thus 31 units were still to be constructed under the allowed number of units. The property owner at the time, Mountain West, proposed to build 25 units, three fewer than allowed. Three additional units were built in 2001 leaving 22 units that can be built.

Issues relating to the development of the remaining land have been a source of contention between the Skyland Community Association and the owners of the remaining developable land within MF-4 for a number of years. As properties were built and sold, conflicts also developed between the owners of undeveloped property in Skyland MF-4 and the existing homeowners associations, Golf Villas at Skyland and Mountain West Villas. The disputes related to the infrastructure costs, development rights, and open space and setback requirements set forth in the Skyland Community Association Design Guidelines.

The parties have agreed to collaborate in an effort to reasonably define the development rights in MF-4. John Geist, owner of tracts B, C, D, E, and F has agreed to limit the remaining development in MF-4 to fourteen additional units, as shown on the proposed replat titled, "Partial Replat of Portions of Multi-Family Tract 4, Skyland—Initial Filing, into Tracts B through F, County of Gunnison, State of Colorado." There are 28 units in Golf Villas and 3 units in Mountain West Villas, with the addition of the proposed 14 units to Golf Villas, there will be a total of 45 units on MF-4, 20 units less than originally contemplated.

WHEREAS, the proposed replat and the executed *Agreement to Finalize Development Plans Within Skyland MFT-4* between the Golf Villas Homeowners Association and John G. Geist identify the location and number of units to be built on MF-4. The reduction in density and proposed replat do not conflict with any previously approved Land Use Changes for MF-4 and are in compliance with the standards of the Gunnison County *Land Use Resolution*.

NOW, THEREFORE, BE IT RESOLVED by the Board of County Commissioners of Gunnison County, Colorado, that the Land Use Change Permit No. 16-0008, for John Geist, is approved, subject to each and all of the foregoing conditions of this decision document, as identified above,

WHEREAS, this review and decision incorporates, but is not limited to, all the documentation submitted to the County and included within the Planning Office file relative to this application; including all exhibits, references and documents as included therein.

THIS APPROVAL is affected noting that decision documentation includes, but is not limited to, the application and the entire Community Development Department Land Use Change Permit application file relative to this application. This approval is founded on each individual finding and requirement. Should the applicant successfully challenge any such finding or requirement, this approval is null and void.

THIS RESOLUTION AND THE APPROVAL GRANTED HEREBY shall not be effective unless and until a copy is recorded in the Office of the Clerk and Recorder of Gunnison County.

INTRODUCED by Commissioner Houck, seconded by Commissioner Chamberland, and passed on this 19th day of April, 2016.
