Moved by Fulton seconded by Rubingh to approve the planning commission meeting minutes dated May 1, 2015. The motion passed unanimously.

Moved by Fulton seconded Rubingh by to approve the planning commission meeting minutes dated May 15, 2015. The motion passed unanimously.

Lakeside on the Colorado, Ltd. - Little Cimarron Creek Ranch Subdivision LUC-15-00017; The Gunnison County Planning Commission conducted a work session to review the site of the request for the subdivision of 66.27-acres into four single-family residential lots. Each lot would be served by an individual well and on-site wastewater system. Access to all of the parcels will be via a new road, to be constructed from the Little Cimarron Road (County Road 864). The property is located approximately 38 miles west of the City of Gunnison, approximately two miles south of State Highway 50, west of and adjacent to the Little Cimarron Road, within the W1/2 Section 35, Township 48 North, Range 6 West, N.M.P.M.

Present representing the applicant: Sara Bergstrom and engineer Bob Williams

Bergstrom explained the application, for the four lot subdivision. She reviewed the site plan with the commissioners. They have divided the property to have the least impact. They have contacted Montrose County for utility hookups. She submitted a summary of the department comments with the pertinent issues highlighted.

The owners have attempted to create a subdivision with an esthetic area to live in with minimal impacts. They have attempted to reduce the visibility from the County road, and no bridges built across the Little Cimarron.

Williams noted the owners had originally wanted 20 lots. They then walked the property with Williams and decided to only subdivide the parcel into four lots.

It was noted that the building envelopes boundary lines should not be in the wetlands.

Starkebaum said the applicants must demonstrate they cannot comply with Section 10-102, but must also demonstrate there will be no significant net adverse impacts.

The work session was closed and followed by a site visit.

The joint Public Hearing will be conducted at 9:00 A.M., on August 7, 2015
