

## **Gunnison County Historic Preservation Commission**

Blackstock's Building – October 20, 2021

Members Present: David Russell, Jody Reeser, Shelley Popke, LeeAnn Mick

Others Present: Spencer Barber (Western student commissioner), Mike Pelletier (staff)

---

Jody opened the meeting and the minutes were discussed. Shelley (2<sup>nd</sup> David) made a motion to approve the September 15, 2021 meeting minutes. It was approved unanimously.

Jody and LeeAnn met and worked on the City Hall signage write up. Once they find better photos they will run it by the group. LeeAnn told everyone she has worked on a list of buildings to do next for downtown Gunnison.

Mike told the group that he submitted the CLG annual report to History Colorado and should get the HPC resolution changes before the County Commissioners next month.

Jody, Shelley, and David all took a drive through Somerset. Spencer told the group that he has been working on researching the history there. The group discussed strategies for getting the Somerset historical survey project moving forward. Shelley and Jody said they would work on the RFP for getting a consultant to do the project. In addition, Jody attended a CLG grant webinar on 10/20/21 that will be helpful in putting the grant together.

Jody suggested the group think about whether a mining significance honors program might be something to consider for the future.

Jody told the group that there is a ranch just west of Powderhorn along the highway that might be good candidate for historic designation.
