**VARIANCE REQUESTED:**

This application requests approval of a variance from the *Gunnison County Land Use Resolution*, specifically Section 13-104: \_\_\_\_\_ (Add the number and title of subsection from which the applicant seeks the variance) \_\_\_\_\_.

**DESCRIPTION OF REASONS THAT THE VARIANCE IS BEING REQUESTED and ITS COMPLIANCE WITH STANDARDS OF THE LAND USE RESOLUTION:**

Describe how *each* of the following applies to the variance that is being requested:

- SPECIAL CIRCUMSTANCES EXIST.** There are special circumstances or conditions, including exceptional topography, or the narrowness, shallowness, or shape of the property, that are peculiar to the land or structure for which the Variance is sought, and do not apply generally to land or structures in the neighborhood; and
  
- SITUATION IS NOT A RESULT FROM ACTION OF APPLICANT.** The special circumstances and conditions have not resulted from any act of the applicant; and
  
- STRICT APPLICATION CAUSES PRACTICAL DIFFICULTIES.** The special circumstances and conditions are such that the strict application of the requirements of this *Resolution* would result in peculiar and exceptional practical difficulties for, or an exceptional and undue hardship on, the owner of the land if the requirements of this *Resolution* were to be strictly applied; and
  
- NECESSARY TO RELIEVE PRACTICAL DIFFICULTIES.** The granting of the Variance is necessary to relieve the applicant of the peculiar and exceptional practical difficulties or the exceptional and undue hardship, and is the minimum variance that could be granted to achieve that relief; and
  
- DOES NOT ADVERSELY AFFECT NEIGHBORHOOD.** The granting of the Variance will not change the character or otherwise adversely affect the neighborhood surrounding the land where the Variance is proposed, will not have a substantially adverse impact on the enjoyment of land abutting on or across the road from the property in question, will not impair an adequate supply of light or air to adjacent property, and will not increase the danger of fire, or otherwise endanger public safety or the public interest.
