GENERAL INFORMATION This abstract is compiled and made available to you compliments of the Gunnison County Assessor's Office. The responsibility of the Assessor is to discover, list, classify and value all property in Gunnison County according to the provisions of the Colorado Revised Statutes. The goal of the Assessor is to make a fair assessment of each property in the county to ensure that the property tax burden is distributed on an equitable basis relative to the value of the property.

In December each year, the Assessor provides each taxing entity with the total assessed valuation within the entity's boundary. Each entity then sets a mill levy that will generate the revenue they need to fund their operations for the following year, within the limits laid out in the state constitution and statutes.

The Assessor does not determine property taxes. Taxes are computed based on the mill levies set by the taxing entities. School tax is levied by the School Board. County tax is levied by the Board of County Commissioners. Town and City taxes are levied by town and city councils. Metropolitan, Fire Protection, Water and Sanitation, and other taxing entities are levied by the respective entity's board of directors. These levies are reported to the Assessor, who calculates the associated tax amount for each property by multiplying the assessed value by the mill levies. The tax amounts are then delivered to the Treasurer in the form of the Tax Warrant.

All property tax is collected locally by the Treasurer and disbursed back to the tax entities. Property tax is used to fund local services provided by each taxing entity. If you have questions about tax rates, or services paid by property taxes, please contact the specific taxing entity.

The Assessor's office is available to help the taxpayer understand the property valuation and tax system. If you have any questions regarding the value of your property or the valuation process, we are here to assist and serve you.
